Innovation Begins Here

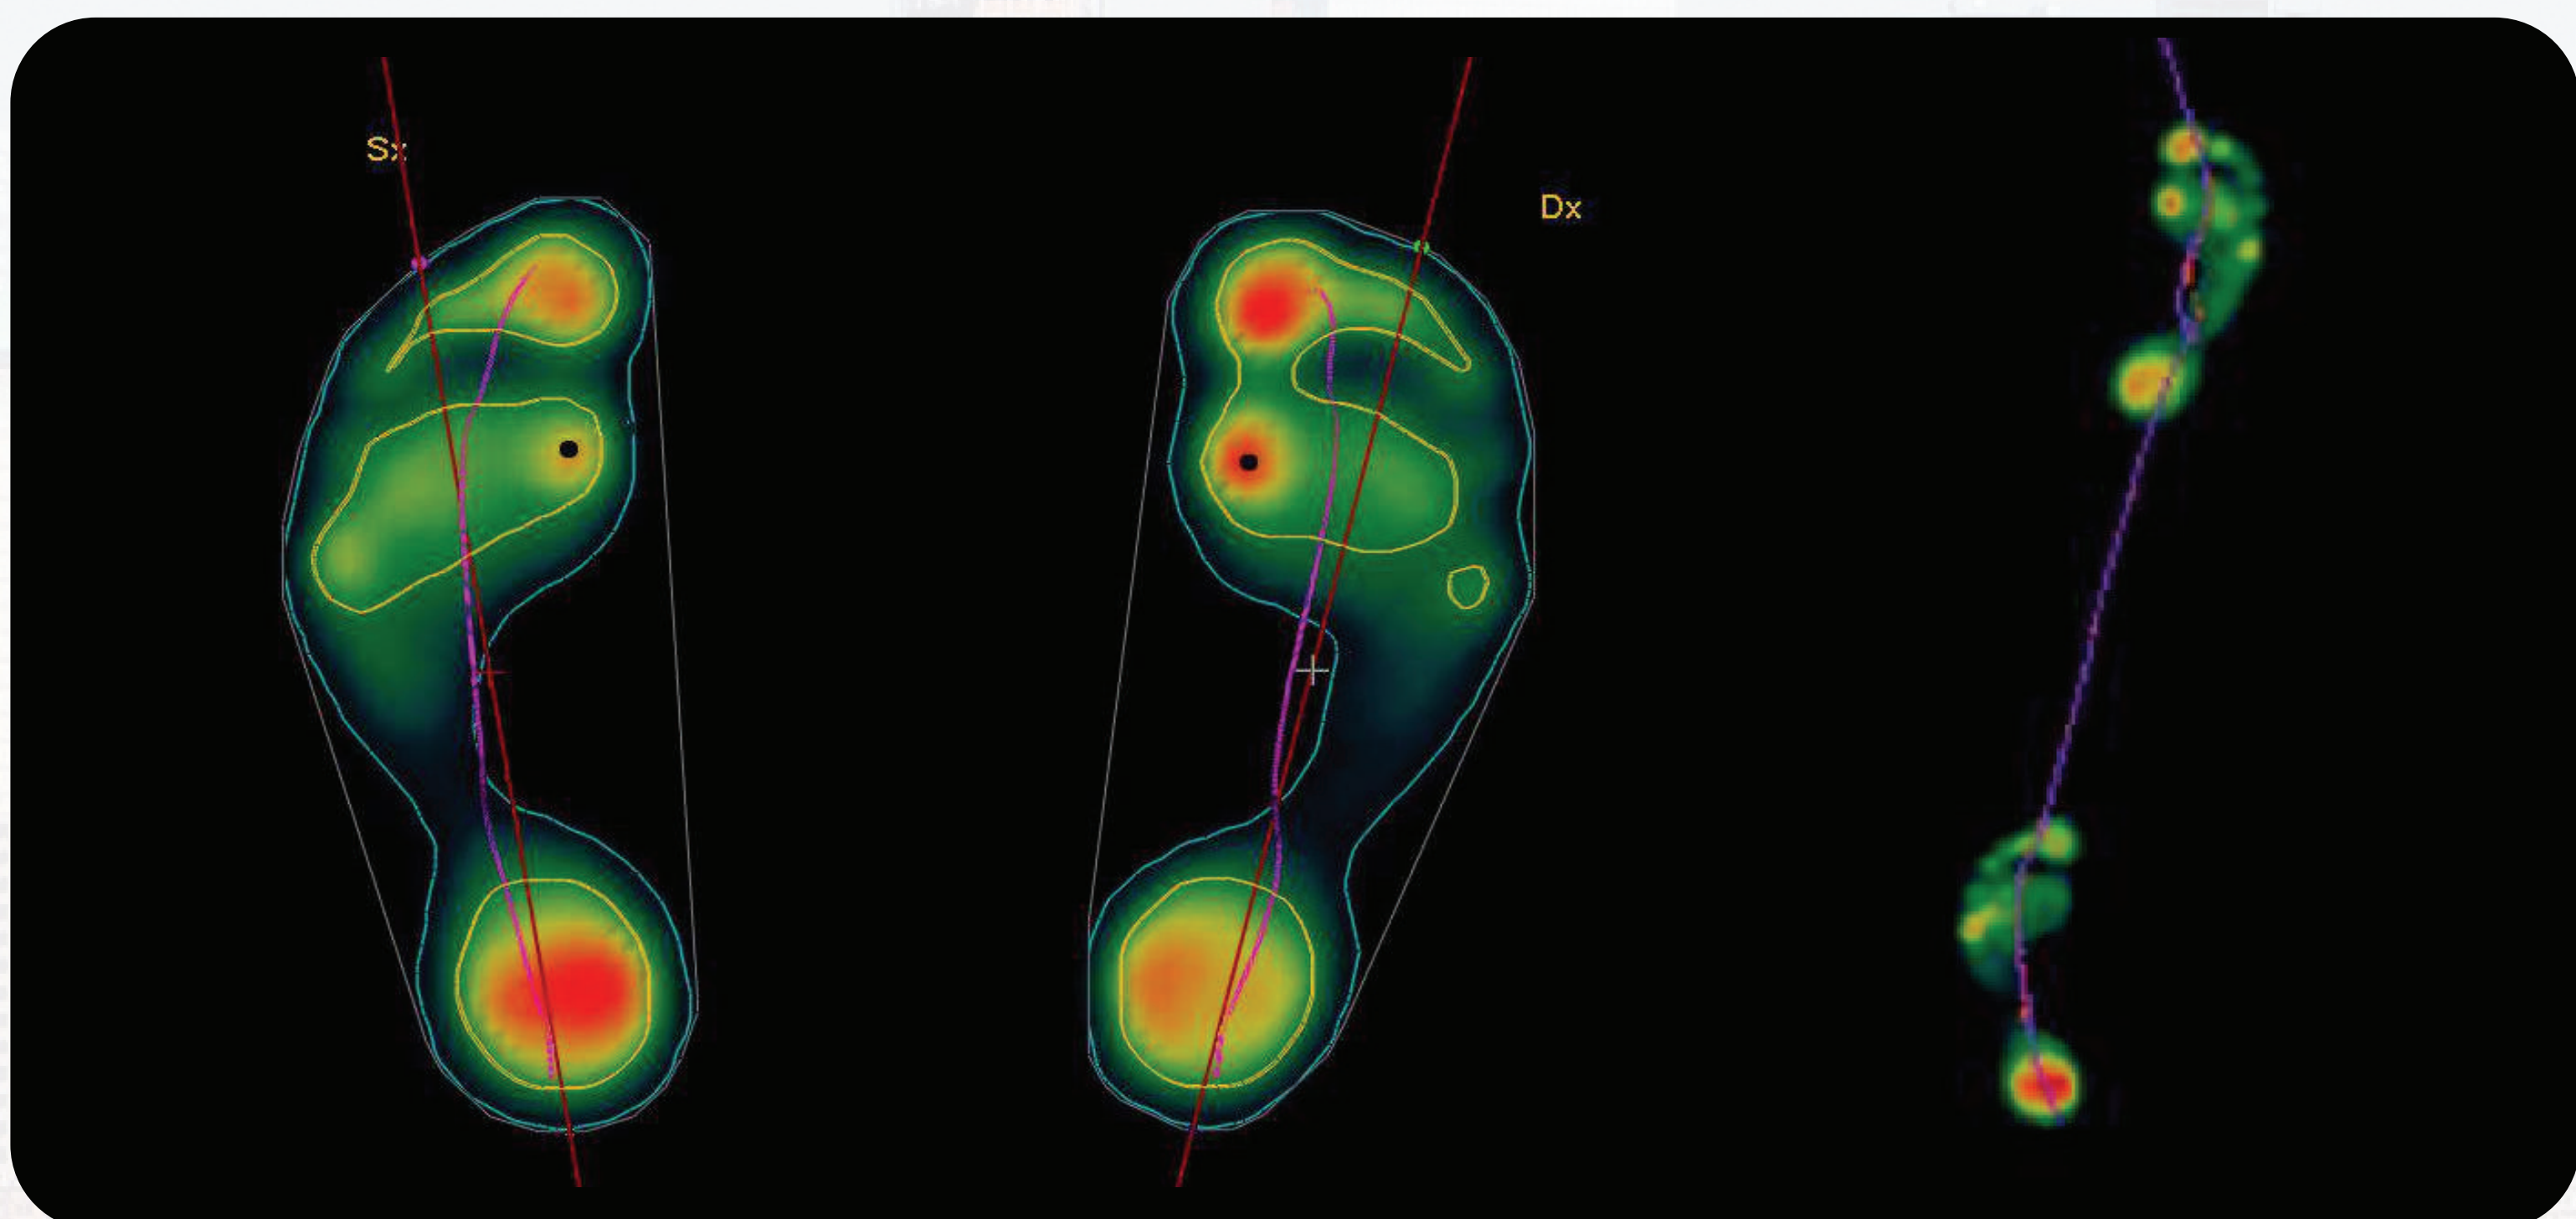

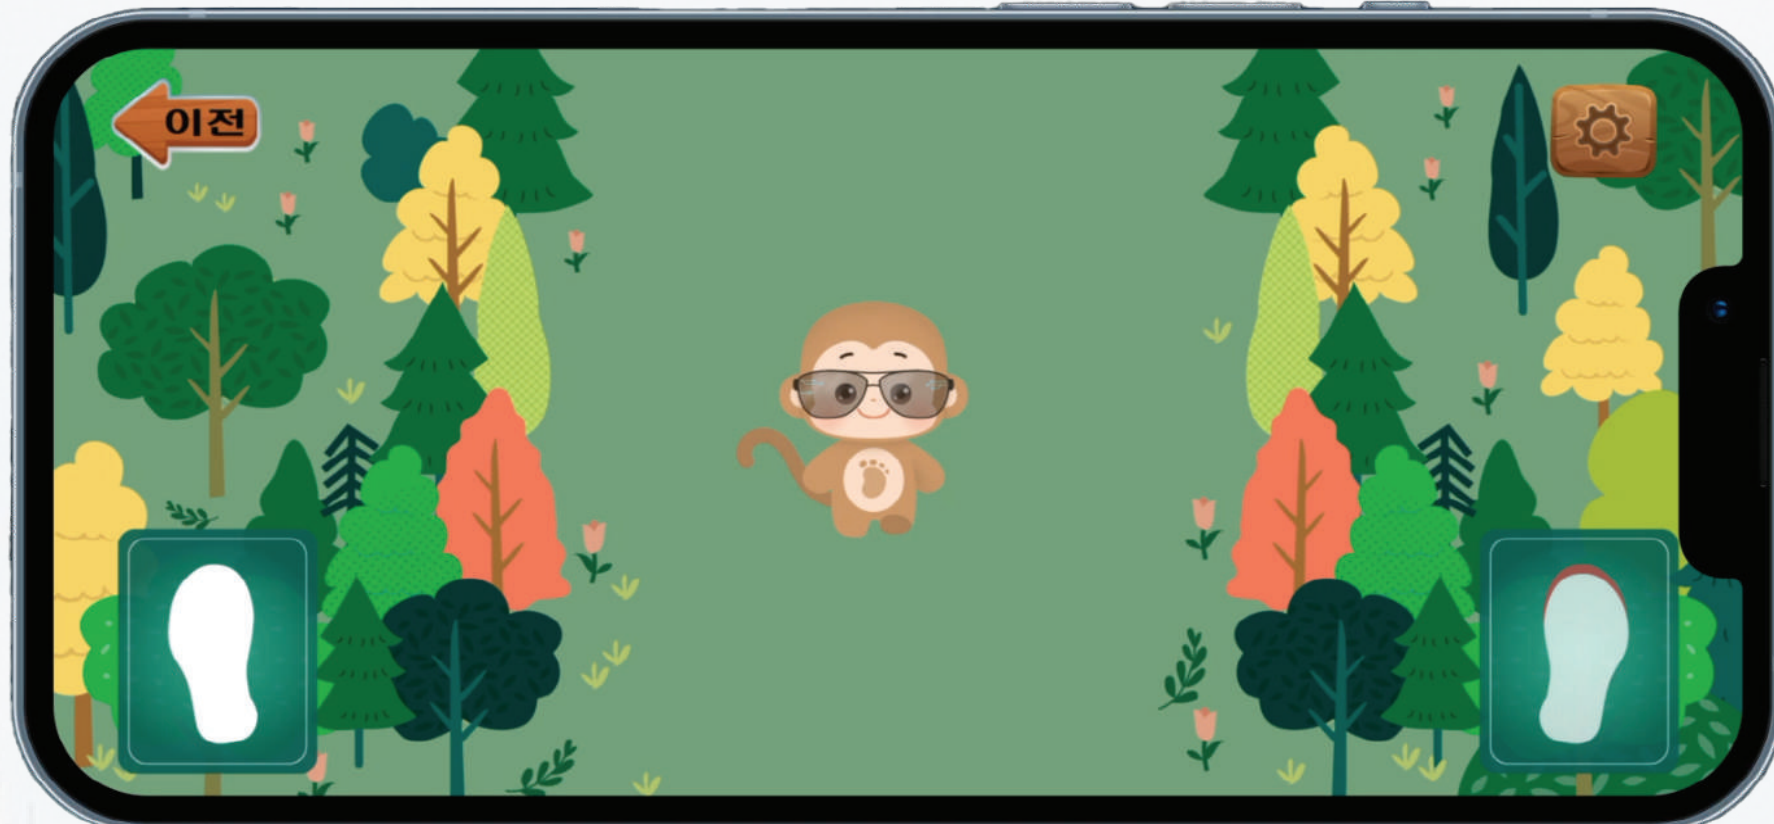

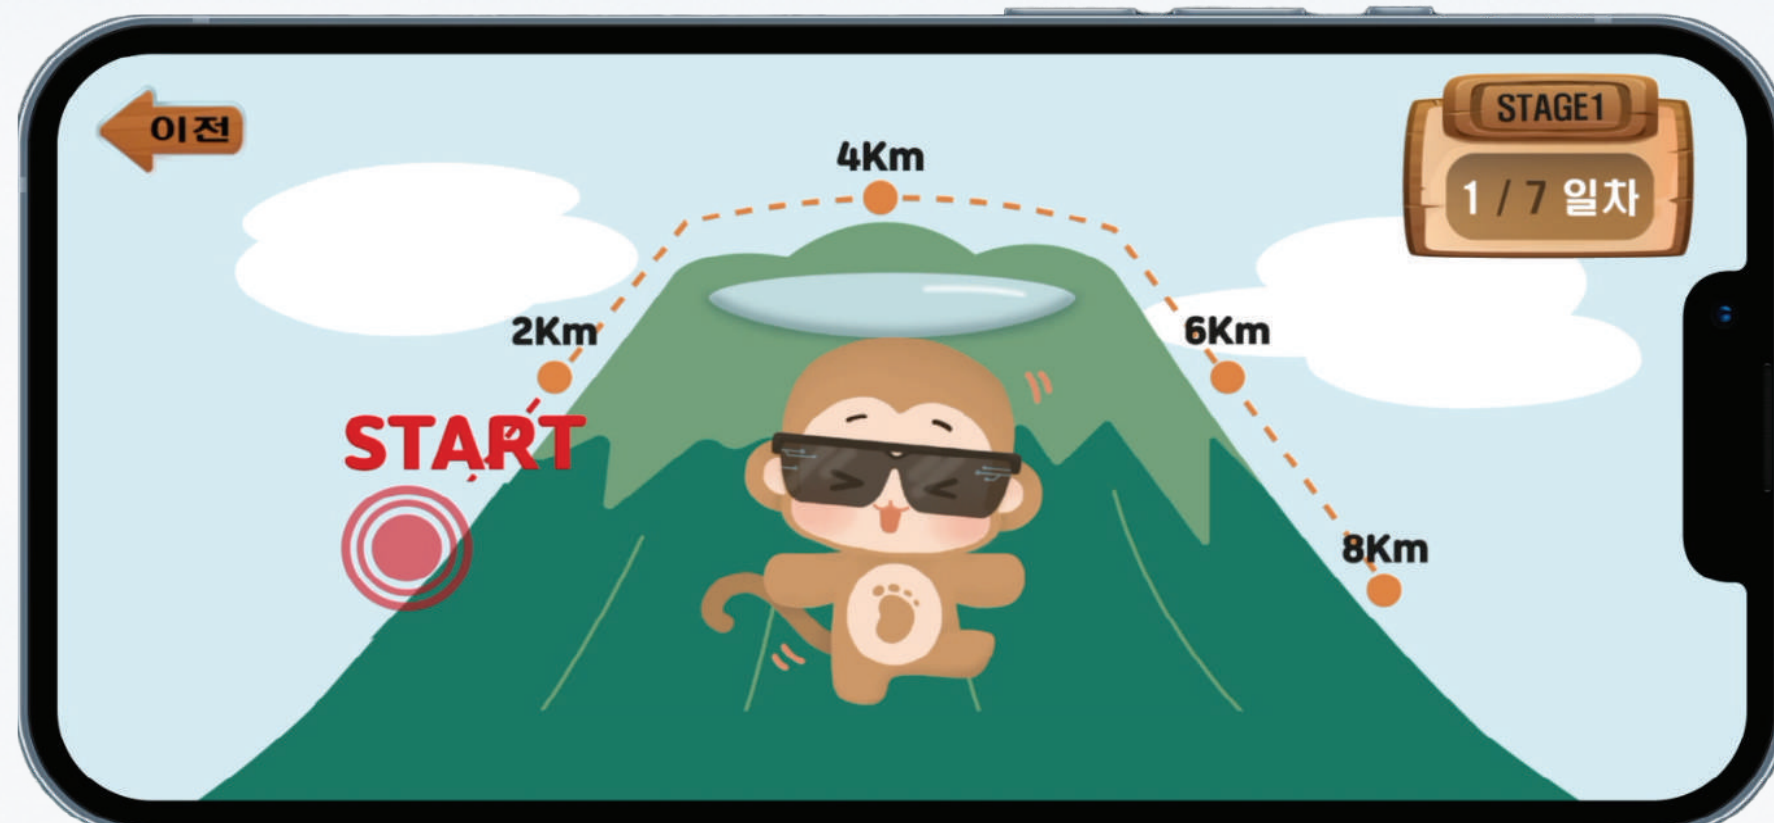

Why STEPON Smart Mat

STEPON Wellness StepÖn

STEPON Medical MONGTRON*

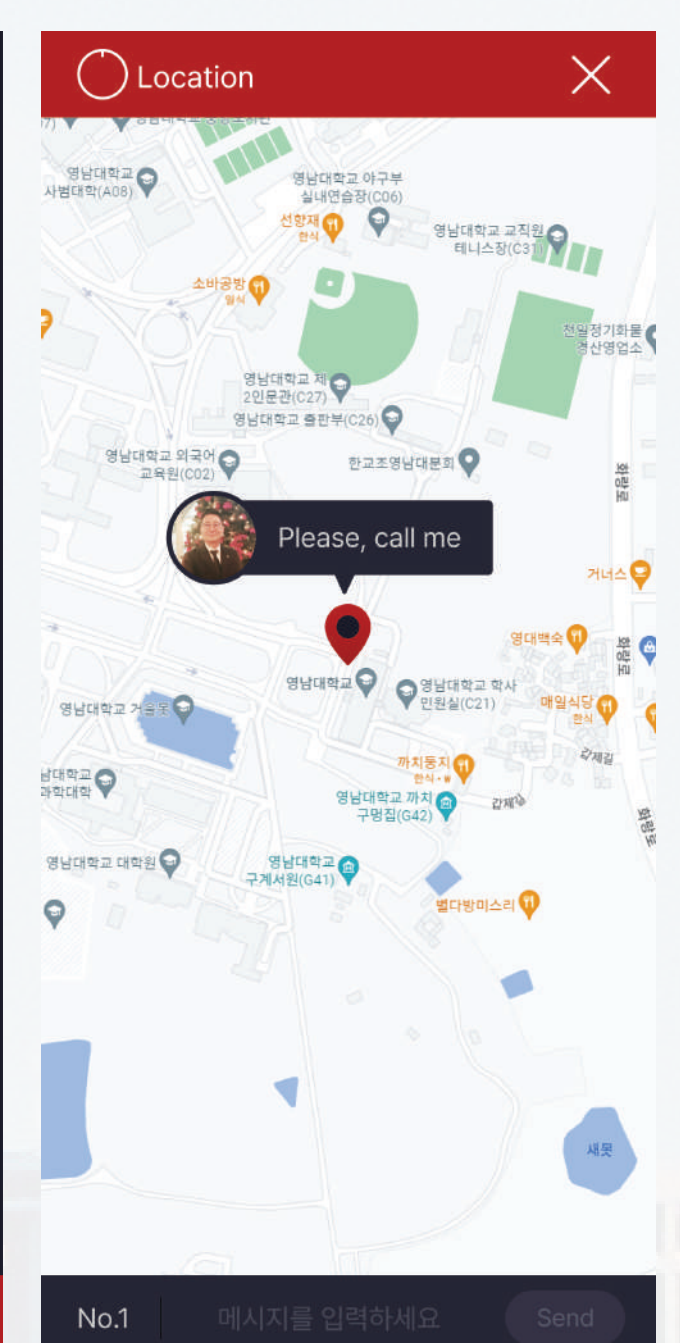

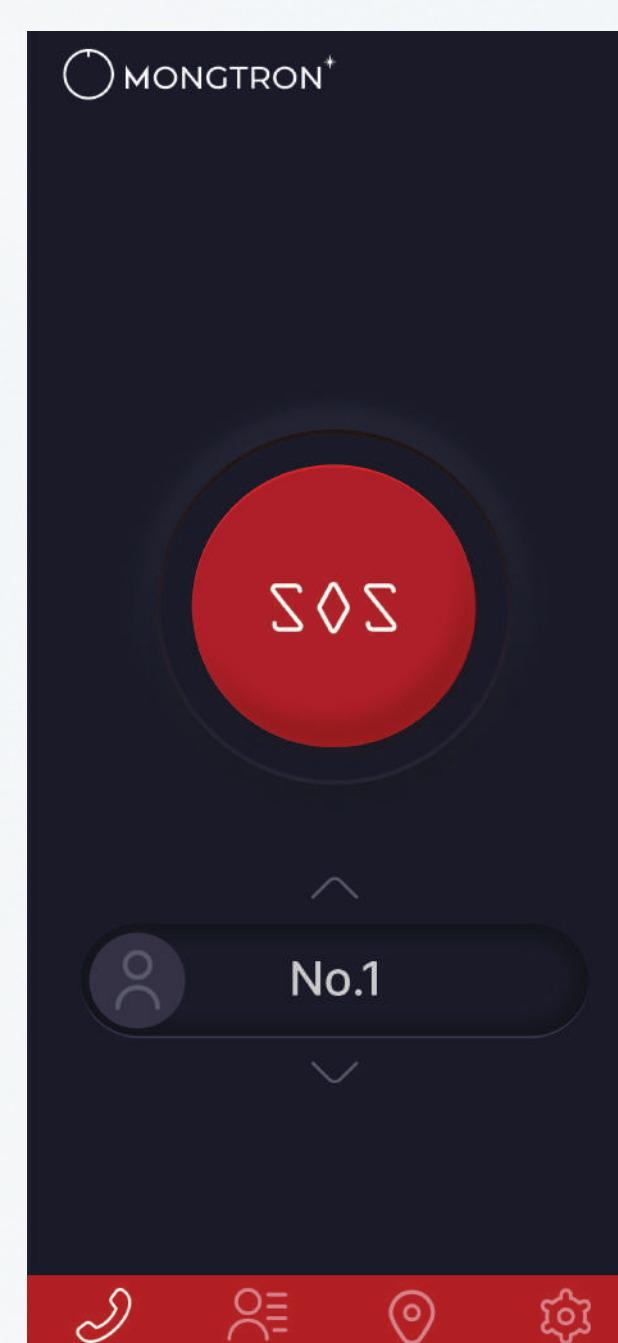

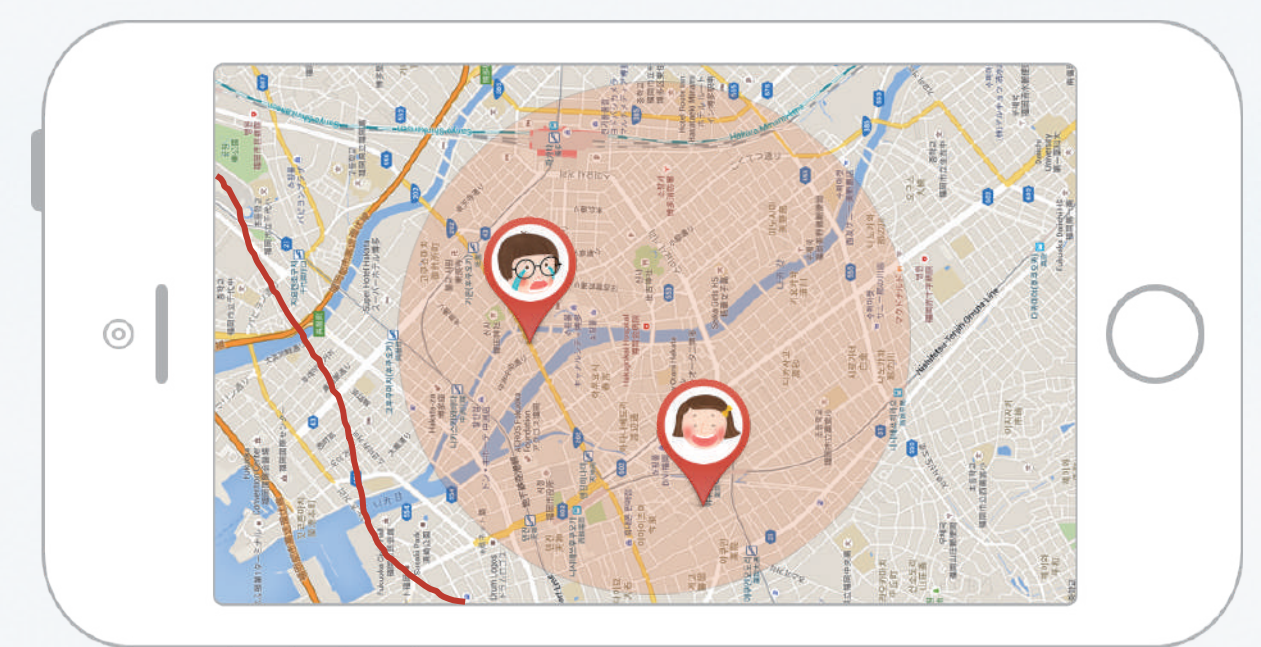

One Step Ahead !

Mindfulness Meditation with slow, proudly walking on IoT STEPON Mat where you can walk easily and won't be disturbed.

StepÖn

- 1 A child will easily find it interesting and will be motivated
- 2 Brain-Changing effects of exercise
- 3 Increasing self-esteem through game missions
- 4 Proper walking and balance exercises on STEPON

MONGTRON*

Open Innovation Begins Here, We Go Together!

- Healthcare cooperation model with foreign hospitals and research institutes by discovering cooperative partners to collaborate on the medical version for digital therapeutics and rehabilitation exercises.
